

Simpson *Family Care*

In-home care that *feels like family*

Simpson Family Care helps those in need stay safe, comfortable and independent in the home they love. Since 2018 we have provided warm, reliable in-home care from Auckland's North Shore through East Coast Bays to the Hibiscus Coast, delivered by carers who treat every client like family.

Care shaped around *your* life

We began as Chrissy's Caregiving and have grown into Simpson Family Care, but our approach hasn't changed. We get to know each person, their routines, their preferences and what matters most to them, then shape our support around their life rather than the other way around.

We match each client with a consistent carer, so there's a familiar face at the door and a relationship built on trust. Families stay informed and involved in every decision, and we're always just a phone call away.

Whether you need a few hours a week or full daily support, we'll work with you to find the right fit, and adjust the plan as needs change.

How we can help

- **Personal care**
Bathing, dressing and daily routines, with dignity
- **Companionship & wellbeing**
Conversation, outings and a friendly regular visit
- **Daily help & errands**
Meals, shopping, appointments and small tasks
- **Palliative & 24/7 care**
Gentle, round-the-clock support when it matters most

Let's start with a conversation
not a commitment.
