## Taking care of the lives in our hands

At Tasman, understanding what you need is really important, so that we can make sure that your care is personalised and you live the best life possible. Your enjoyment of each day is our main focus – we make sure you can live ‘your day, your way’.

## Care and understanding

We will understand what is important to you and we will make decisions together with you and your family – after all Tasman is your home. We will ask you about your likes and dislikes and plan care and activities with you to make sure you get the very best from us.

## Expert care

Whenever you have special care needs we'll give you the reassurance of a careful balance of independence and security, along with the very best expert care. Our person-centered care means you are looked after with respect and dignity.

## Short stay breaks

Regular time off is important for carers - and for their loved ones - so we offer respite stays of anything from a day to several weeks. This helps carers to have a break, knowing that their loved ones are getting excellent care around the clock. It's ideal when carers have been unwell or are planning a holiday.

At Tasman we offer Serviced Apartments, Rest Home and Hospital care.

## Making a home

We have a lovely new care home with large (most over 13m<sup>2</sup>) and comfortable rooms. We understand what it means to feel at home, and we will make you feel welcome and special at Tasman. You are invited to bring your own things with you, and your family and friends are welcome to visit any time. You may even be able to bring your pet – just check with our Care Home Manager first. We know that the little things are so important.

## Our staff

At Tasman, we choose all our staff carefully to make sure that you get the quality care you need, from people who are kind, experienced and respectful.

## What makes us special?

We put you at the centre of everything we do. We have taken time to get to know your local community and understand what makes Henderson special to you. Our Care Home is new and has been purpose built to meet your needs.

Bupa's purpose is to enable people to live longer, healthier, happier lives. We do this by providing a broad range of healthcare services, support and advice to people throughout their lives.

## We have no shareholders

Our focus is on our customers, we invest all our profits to provide better healthcare to our customers and communities around the world.

## Over 60 years experience

We began operations in 1947 in the UK when 17 provident associations joined together to form Bupa with the purpose of "preventing, relieving and curing sickness and ill health of every kind". We have 22 million customers in over 190 countries.

## Largest residential aged care provider in NZ

High customer recommendations and satisfaction scores continue to endorse why people choose a Bupa care home.

## Specialists in dementia care

We play a leading role in shaping dementia services, providing around one third of New Zealand's specialist dementia beds. Globally, Bupa is the largest provider of specialist dementia care. Bupa and Alzheimers Disease International have developed a joint Global Dementia Charter - aimed at helping people to live well with dementia.
