## REMUERA, AUCKLAND

Located in the heart of Auckland, Remuera Care Home and Retirement Village offer independent living, rest home and hospital care options. The Meadowbank Shopping Centre is across the road, and we are only a short distance from Remuera Village and St Heliers Village. Our care home has great views of Mt Wellington and the golf course. We offer a range of activities to suit individual needs, including indoor bowls, cards, knitting, quizzes, daily exercise classes, Tai Chi and table tennis.

### REST HOME HOSPITAL RETIREMENT VILLAGE

Remuera Care Home has been providing care in the community for more than 25 years. Remuera Care Home holds a three year certification with the Ministry of Health. We are proud to announce that we now offer hospital level care, with additional residential care subsidy options available. At Remuera, understanding what you need is really important, so that we can make sure that your care is personalised to help you live the best life possible.

### BRAND NEW SPACIOUS HOSPITAL STUDIO UNITS

Our newly renovated care home now offers hospital level care in spacious 31m<sup>2</sup> studio apartments with a kitchenette and ensuite. At Remuera, we understand that as a couple you may want to stay together. Talk to our care home manager for more information about this. A government subsidy may be available for your hospital or rest home care at Remuera and we will work with you to develop the most suitable funding package for you.

With views over our beautifully kept gardens, and a range of activities for you to choose from, Remuera is a great place to be. We like to understand each person's individual likes and dislikes, so that we can build the care we give and the activities we provide around your preferences. After all, this is your home; the place you should feel comfortable in.

“Thank you for all your devotion, your compassion and your incredibly hard work you keep on giving”

Bupa's purpose is to enable people to live longer, healthier, happier lives. We do this by providing a broad range of healthcare services, support and advice to people throughout their lives.
