Your care

At Bupa Bethesda Care Home, we care about your individuality.

Our Person First approach means we take the time to get to know you. We'll ask you about your favourite things and what you like to do. From there, we'll create a care plan to include your dietary needs, medication, and activities to support you to live the life that's right for you.

Our team will be happy to guide you through the process of moving into a care home.

Short stay

If you are caring for a family member or friend and feel that you need some respite, you can use Bupa's short stay services. Our short stay services can range from a few days to a few weeks. Admission is dependent on bed availability.
