Your care

At Bupa Cashmere View Care Home, we care about your individuality

Our Person First approach means we take the time to get to know you, so we can tailor care to meet your needs.

We promise to give you the best possible care. We'll ask you about your favourite things and what you like to do. From there, we'll create a care plan to include your dietary needs, medication, and activities to make sure you can live the life that's right for you.

Our team will be happy to guide you through the process of moving into a care home. We'll put you at the centre and make sure you're looked after with respect and dignity.
