

Hayman

care | comfort | compassion
companionship | connectedness

Welcome to CHT Care Homes, where we have more than 60 years' experience looking after older people in our rest home, hospital and dementia care homes throughout the North Island.

As a not-for-profit organisation, we have the heart of a charity with the competence of a successful business, and we are guided by our values around care, compassion, comfort, connectedness and community, ensuring that every resident and their family is welcomed, respected and supported.

Our not-for-profit status also gives us the freedom to continually reinvest in our facilities, services, residents, staff and the wider sector through our Aged Care Fund.

We are devoted to providing access to quality, affordable care that spans the full spectrum of individual needs - physical, emotional, mental, cultural and social - in safe and carefully-designed environments.

Welcome to CHT Hayman Care Home

CHT Hayman sits in a quiet corner of Wiri where residents enjoy spacious living areas and beautiful established garden spaces. Quality care and seamless transition through all aged care levels is delivered by dedicated and caring staff.

Rest home

Ideal for those who still have a degree of independence, while needing assistance with personal care and activities.

Hospital care

Perfect for someone needing full assistance throughout their day.

Dementia care

Secure, thoughtful care, complete with specially designed areas.

Specialised Dementia care

The highest level of care for those living with unique challenges stemming from dementia.
