

Amberlea

care | comfort | compassion
companionship | connectedness

Welcome to CHT Care Homes, where we have more than 60 years' experience looking after older people in our rest home, hospital and dementia care homes throughout the North Island.

As a not-for-profit organisation, we have the heart of a charity with the competence of a successful business, and we are guided by our values around care, compassion, comfort, connectedness and community, ensuring that every resident and their family is welcomed, respected and supported.

Our not-for-profit status also gives us the freedom to continually reinvest in our facilities, services, residents, staff and the wider sector through our Aged Care Fund.

We are devoted to providing access to quality, affordable care that spans the full spectrum of individual needs - physical, emotional, mental, cultural and social - in safe and carefully-designed environments.

Welcome to CHT Amberlea Care Home

Featuring beautiful views across Algies Bay, residents can soak up the views and all day sunshine or the lush gardens and safe walkways at this well-known care home. Light and warm shared dining and lounge spaces compliment the spacious rooms and seamless transition between care levels as needs change.

What makes CHT Amberlea special?

- ✓ Safe, secure, high-quality and well-maintained property.
- ✓ Very high standard of professional care with hands-on management.
- ✓ Nurses, healthcare assistants and expert therapists work alongside visiting doctors.
- ✓ Seamless transition between care levels.
- ✓ Excellent location close to shops, parks and public transport.
- ✓ Delicious, nutritious meals. Cultural, ethnic and modified diets accommodated.
- ✓ Dedicated activity programme, from concerts or quiet pursuits to family gatherings.

Rest home

Ideal for those who still have a degree of independence, while needing assistance with personal care and activities.

Hospital care

Perfect for someone needing full assistance throughout their day.

Dementia care

Secure, thoughtful care, complete with specially designed areas.
