Bupa 

At **Waireka Care Home** we will do our very best to make you feel at home. Our wonderful, kind staff will focus on you as an individual – bringing together high quality nursing and genuine care. We'll make sure **you** choose how you fill your days.

Waireka offers rest home and hospital care as well as respite care, in Pahiatua. Our residents can enjoy being outdoors or simply admire the variety of rural landscapes.

The best possible life

Our goal and commitment to you is to help you live the best life possible, supported physically, emotionally and socially and to be as independent as possible.

The quality of the care we provide to you is very important to us (and you can rest assured that it is excellent). Your enjoyment of each day is our focus, and we want everyone to feel that Waireka is their home. We make sure that you choose how you spend your days, and we go the extra mile to make sure that our care has you as an individual at the centre of it. That's why we say, "Your day, your way."

At Waireka, understanding what you and your family needs is paramount, because that's the individualised care we want to provide. We know that this

means different things for different people, so we take care to involve family, and make decisions together.

We like to understand each person's individual likes and dislikes, so that we can build the care we give and the activities we provide around your preferences. After all, this is your home; the place you should feel comfortable in.

At Waireka, there are a range of interesting activities that you can choose to join in. However, if you prefer your own company, that's something we respect.

We will work with you to ensure that the right care is provided to meet your needs. We can also guide and support you through the process of coming to a Care Home.

Our staff

We pride ourselves on having a very well trained team, who value you as a person and appreciate the wisdom and experience of older people. The care we give is respectful, with a focus on the little things that make a difference.

Taking care of the lives in our hands

Waireka is part of the Bupa group of rest homes, hospitals, retirement villages and personal medical alarms. We are part of the global Bupa group, based in the UK. As Bupa is a private company with no shareholders, we can invest what we earn to make improvements that help us provide better care.
