

Lansdowne

care | comfort | compassion
companionship | connectedness

Welcome to CHT Care Homes, where we have more than 60 years' experience looking after older people in our rest home, hospital and dementia care homes throughout the North Island.

As a not-for-profit organisation, we have the heart of a charity with the competence of a successful business, and we are guided by our values around care, compassion, comfort, connectedness and community, ensuring that every resident and their family is welcomed, respected and supported.

Our not-for-profit status also gives us the freedom to continually reinvest in our facilities, services, residents, staff and the wider sector through our Aged Care Fund.

We are devoted to providing access to quality, affordable care that spans the full spectrum of individual needs - physical, emotional, mental, cultural and social - in safe and carefully-designed environments.

Welcome to CHT Lansdowne Care Home

Designed around suites of 10 bedrooms, all with garden or courtyard access, residents enjoy light and warm shared dining and living spaces, a kitchenette and access to outdoor areas. Lush gardens and safe walking paths encourage outdoor living in this quiet oasis.

Rest home

Ideal for those who still have a degree of independence, while needing assistance with personal care and activities.

Hospital care

Perfect for someone needing full assistance throughout their day.
