

About
us

The Willard **difference**

At Enliven we believe in creating elder-centred communities. Willard Home embraces the Eden Alternative – an elder-directed model of care.

That means we get to know each of the Willard Home elders personally. As well as providing high quality clinical care, we'll support you to continue doing the things you love in a way that's right for you.

We'll support you to make decisions about your personal wellbeing, to maintain your independence and routines, to stay involved in the community and to get involved organising Willard Home's daily happenings and special events.

We'll take every opportunity to ensure companionship, meaningful activity and fun are part of your life. We'll support you to keep up with your hobbies, interests and passions, as well as introduce you to new ones. After all, that's what adds life to life!

Getting in **touch**

Accessing any of our services is easy. You can be referred by a doctor or Needs Assessment Agency, or you can call us directly.

Please contact us to discuss your personal situation or arrange a time to visit us.

Introducing **Enliven Central**

Enliven Central provides a full range of services to support older people to maintain their independence and enjoy fulfilling lives.

We support you to thrive, not just survive.

We believe people should be able to maintain control over their lives, wherever they live and whatever their age. To support this, we provide the following services throughout the Manawatu region:

- warm, welcoming elder-directed rest home, hospital and dementia care
- short-term respite and health recovery
- day programmes for older people living in their own homes or with family
- boutique retirement villages
- practical in-home support
- other health support, including a discreet continence product service.

Introducing **Willard Home**

At Enliven's Willard Home you will feel at home as soon as you walk through the door. It's vibrant, warm and friendly.

Willard Home's rest home level care provides you with the very best in clinical care within an engaging, caring and homely environment. We're able to cater for long-term residents and short-term respite visitors.

Your place. Your space

When people move to Willard Home they often ask us if they can bring their own belongings. The answer: of course! After all, this is your home.

We're sure you'll enjoy the lounges and entertaining areas at Willard, as well as the many outdoor areas.

But you'll also have your own private room. This is your space.

Your room can be furnished if you wish, however you're invited to make the space your own. Most residents bring along their favourite familiar things such as photos, artwork, ornaments, furniture and bed covers. In fact, you could even choose to completely redecorate.

Family and friends

Moving to an Enliven home is a change of address, not a change of lifestyle. You're welcome to invite your family and friends to visit at any time - just like you would in your own home.

For family living out of town, Willard Home's Eden Cottage is available for short term stays. The cottage is equipped with a kitchen, bathroom, lounge and single bedroom, as well as two additional fold away beds. The Eden Cottage can sleep three people and is available to book for a small fee (subject to availability).

If you have a pet that is part of your family, they can move in too. We often have cats, small dogs and birds living at Enliven homes with their human companions.
