

# Radius Hawthorne

August 2023

**Greetings, Kia Ora, Hallo, Talofa, Ayubowan.** With the thought of inclusion, we have decided to greet in all the languages of our residents.

While the winter chill may be in the air, our Gardens are retuning to being an oasis. Some residents are able to stroll through the tranquil gardens, where frost-kissed leaves glisten in the morning sun. It is still a little too fresh to sit in the gardens just yet, as the last touch of winter can be felt still in the mornings and seen as the heavy dew on the lawns. Many of our early risers, are still breakfasting in bed, quite sensibly I think.

We are all looking forward to when we can be out in the garden, listening to the bird song. We are hoping to put in some new bird houses to attract even more birds to the garden. Luckily the spring bulbs are starting to lift their heads and come into flower.

*Kind regards Sarah*

Hello August !!!

Authenticity starts with

Understanding your worth and

Glowing in your way because a

Unique, Imperfect and different

Self is much better

Than the perfect

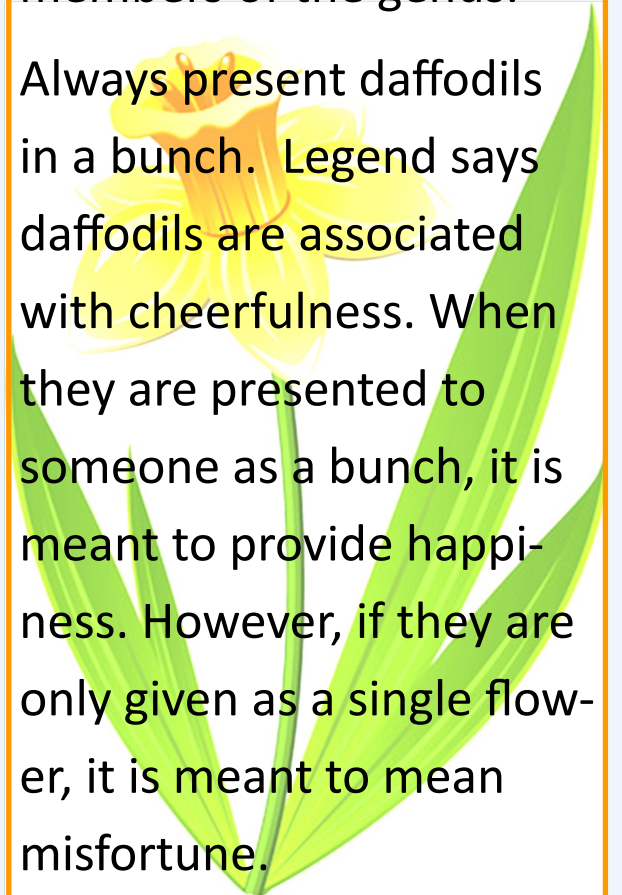

**Daffodils are meaningful across the world**

In **China**, the daffodil symbolizes good fortune and they are the official Chinese New Year symbol. In **Japan**, the daffodil means joy and in **France** they are a sign of hope.

## DAFFODIL DAY

Various common names including daffodil, narcissus and jonquil, are used to describe all or some members of the genus.

Always present daffodils in a bunch. Legend says daffodils are associated with cheerfulness. When they are presented to someone as a bunch, it is meant to provide happiness. However, if they are only given as a single flower, it is meant to mean misfortune.

## STAFF PROFILE

I'm Rahil Mattu, a dedicated registered nurse with a passion for providing quality care to elderly individuals. I currently work at Radius, an aged care facility in New Zealand. My journey in healthcare began with the completion of my CAP course here in NZ, which has equipped me with the skills and knowledge to make a positive impact on the lives of those I care for .

### WELCOME TO NEW:

#### RESIDENTS

Gorge, Anthony, John,  
David, Karen, Patricia
