

# Papakāinga Homestead

Papakāinga Homestead is a purpose-built dementia care facility offering specialised Dementia Care in a safe, supportive environment - tailored to meet the unique needs of residents with Dementia.

Our dementia care facility offers 22 beds for long or short-term care. Day-stays for those looking for daytime support of their loved ones is also available.

We believe that individuals living with dementia deserve compassion, dignity and an environment that empowers them to live fulfilling lives.

## Our Services

**Specialised Dementia Care:** We are proud to offer personalised care plans prioritising our residents and families wishes within a safe, secure and understanding environment.

**24-Hour Care & Support:** Our dedicated registered nurses and dementia trained and certified caregivers are available 24/7 to meet the individual needs of our residents.

**Therapeutic Services:** Including hairdressing, physiotherapy, occupational therapy, and podiatry to maintain and improve health and wellness.

**Activities Program:** Weekly activities program that supports the physical, emotional, social and cognitive needs of our dementia residents.

**Respite Care:** We offer short-term care solutions for families and caregivers who need support and a short break.

**Day Stay Care services:** Day Stay Care for seniors who require daytime support or companionship - with funding options available, please talk to us about eligibility.
