

**THE BOOMS
REST HOME AND HOSPITAL**

**THERE'S ONLY
ONE WAY TO CARE -
YOUR WAY**

Also offering Dementia Care

The Booms Rest Home and Hospital is proud to serve the Thames and Paeroa district, and has been part of Bupa since 2007. Our residents and their families always comment on our homely atmosphere and our great food. We take pride in making our home, their home, in as many ways as we can.

All stages of care in Thames

We offer a full range of care: rest home, and hospital care, as well as dementia care, so our residents come to us and know they will be able to stay.

The best possible life

Our goal and commitment to you is to help you live the best life possible, supported physically, emotionally and socially, to be as independent as you wish.

The quality of care we provide to you is very important to us (and you can rest assured it is excellent). Even more important is your enjoyment of each day. We want everyone to feel that The Booms is their home. We make sure you choose how you spend your days, and we go the extra mile to make sure that our care has you, as an individual, at the centre of it. We encourage our residents to make this place their home.

At The Booms, understanding what each resident and their family needs is paramount, because that's the individualised care we want to provide. We know this means different things to different people, so we take care to involve family, and make decisions together.

Dementia Care

When a family accepts a place in our dementia unit for a family member, our journey together begins. We work to gain an understanding of the unique person who is joining our family of residents. Understanding the person they were, the person they have become, their likes and their dislikes, and their routines helps us provide an environment that will effectively support each person, all day long.

Taking care of the lives in our hands

The Booms is part of the Bupa group of rest homes, hospitals, retirement villages and personal medical alarms. We are part of the global Bupa group, based in the UK. Because Bupa is a private company with no shareholders, we can invest what we earn to make improvements that help us provide better care.

Come and see for yourself

We would love to have the opportunity to talk with you about what we can offer your loved one. Please don't hesitate to contact our Care Home Manager, Sharen Landy on **868 7312** or **027 237 4581**. Alternatively, you are invited to call in and see us any time.
