TE WHANAU
REST HOME AND HOSPITAL

**THERE'S ONLY
ONE WAY TO
CARE - YOUR
WAY.**

Taking care of the lives in our hands

At Te Whanau Rest Home and Hospital, we help people live the best lives they can, every day. We believe in laughter - to lighten the day, and bring everyone together.

Life is about living and having fun - and this doesn't change when you come to Te Whanau.

Living the best life possible

Te Whanau is our residents' home. Our passion is to make each day as enjoyable as it can be, for each of our residents. The quality of our medical and nursing care is very important (and you can rest assured that it is excellent) but even more important is the enjoyment of each day - making sure everyone feels at home. "There's a great feeling here," is what we hear from visiting doctors and resident's families.

Health and circumstances might have changed, but underneath it all, we can still create enjoyment. We invite you to meet our team and see for yourself. You can always expect a warm welcome.

Day Care at a glance

Te Whanau Day Centre offers a day out for people who live alone and would benefit from the company of other people. Our day care is open Monday to Friday 9am to 4pm. The services also

provides for people who are cared for at home to allow the caregiver some time out.

- Varied activities programme
- Hot midday meal, home baked morning and afternoon tea
- Comfortable and modern setting
- Funding assistance available in most cases

Safety and security

It is of the utmost importance to us that those who live here feel safe and secure.

Well qualified staff are on duty 24 hours a day, seven days a week. Registered Nurses are on duty or on call around-the-clock. Our nurses can be called from every single room and there are sprinkler systems and emergency lighting throughout the facility.

Our staff

We pride ourselves on having a very well trained team, who care for you as a person as much as for your medical needs. Because we value the wisdom and experience of older people, the care we give is respectful, with a focus on the little things that make a difference.

Come and see for yourself

We would love to have the opportunity to talk to you about what we can offer. Please don't hesitate to visit our care home any time during business hours or contact our care home manager, Shani McKee on **(06) 368 1081** or **027 218 8148** after hours.
